INFORMATION DISCLOSURE STATEMENT (IDS)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement is filed more than three months after the U.S. filing date, OR more than three months after the date of entry of the national stage of a PCT application, AND after the mailing date of the first Office Action on the merits, whichever occurs first, but before the mailing date of a Final Office Action or Notice of Allowance (37 CFR 1.97(c)).

I hereby certify that no item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application and, to my knowledge after making reasonable inquiry, no item of information contained in this Information Disclosure Statement was known to any individual designated in 37 CFR 1.56(c) more than three months prior to the filing of this Information Disclosure Statement.

All the references cited in this disclosure statement are the references that were submitted in US 2003-0148889 (“ ‘889 application”), which **published on August 7, 2003**. The applicants have previously submitted a copy of this publication. The applicants have ordered a copy of the ‘889 file wrapper and are submitting the references cited therein which the applicants recently received. **Again, the application published less than three months ago.**

During the prosecution of the ‘889 application, three disclosure statements were filed along with one PTO form 892. The references are listed in the order that they appear in the PTO file. The US patents AA-AT were listed in the first disclosure statement. US patents AU to AA1 were listed in the second disclosure statement. The PTO form 892 lists US references AA2 and AA3. With respect to the foreign references, references BA-BQ were listed on the first form 1449 and references BR-BX were listed on the second disclosure statement. With respect to the non-patent literature documents, references CA-CL were submitted on the first disclosure statement and references CM and CN were submitted on the second disclosure statement. The third disclosure statement cited the publication of this application. References AA4-AA8 were included in the file wrapper, but not made of record.

The four references applied against the claimed invention by Examiner Clardy were Jimoh, US 6,369,001 (reference AA3 on the current Form 1449), Steller et al, US 4,816,060 (reference AA2 on the current Form 1449), Gillespie, US 6,207,617 (reference AT on the current Form 1449) and Nielsen, US 6,180,566 (reference AR on the current Form 1449). If the Examiner would like a complete copy of the file wrapper or of the Office Action, the applicants would provide a copy. However do to the volume of the file wrapper, the applicants believe that it may be easier for the Examiner to review and discuss the file wrapper with Examiner Clardy. Again, the serial number is 10/103,455 which published as US 2003-0148889.

A copy of each reference on PTO/SB/08 is attached.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

It is submitted that the Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed references.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 03-2775, under Order No. 00306-00142-USU. A duplicate copy of this paper is enclosed.

Dated: October 10, 2003

Respectfully submitted,

By
